What's New

[Version History](#)

Version 10.10.0

We've added some great new fixes and features to make watching our great movies and shows even better!

If there's an issue taking payment, we'll now let you know inside the app to make it even easier to manage your payment method, so you can be sure to never miss out!

We've also fixed some bugs that should improve the stability of the app with a spotty internet connection.
